OFFICIAL AWARD CEREMONY 2012

PROMISING SME 500 2012
AUGUST 2012

Executive Director Rosemary Cheng & President/CEO Nelson Cheng at the Promising SME 500 Official Award Ceremony

Magna International is delighted to be a recipient of the prestigious **Singapore Promising SME 500 Award 2012** (Platinum Category)

Singapore Promising SME 500 Award is among the most reputable business-related awards in Singapore. Initiated by the Small Medium Business Association (SMBA), the award recognises and acknowledges promising small and medium business enterprises in the areas of company achievements, good business practices, operational efficiency, leadership, sustainability and use of modern technology.

All Awardees are carefully selected from a pool of nominations. To maintain the integrity of the selection process, SMBA board works closely with an independent Advisory Judging Panel made up from the industry top executives and consultants from the fields of Banking and Finance, Human Resource, Academia, Politics and Business Management.

The main focus of SMBA is to recognise and acknowledge the nation's top 500 promising SMEs for sound ethics in business and professionalism in business practices. The broader vision for this award is to promote growth and prosperity for the nation from its home-grown talents.

“ We are delighted to be among the Top 500 Promising SMEs and to be the first to represent the Singapore chemical industry for such an award. We also wish to express our heartfelt thanks to all our customers and worldwide business associates who have contributed to this achievement. To God be the glory. ”

Nelson Cheng (President/CEO)

Dickson Cheng (Senior Vice President)

“ This award is a validation of Magna’s leadership and abilities in providing excellent solutions in the fields of corrosion control and lubrication technologies. We have established ourselves as a reputable brand for credibility, excellence and reliability. We look forward to greater frontiers as Your Partner in Chemical Innovation. ”

Dickson Cheng (Senior Vice President)
